

Family Medicine

Clinix medical providers are available six days a week to treat your illness, prescribe your medications or refer you to the appropriate specialist. More than likely, you will be able to be seen the same day you call!

What types of services do Clinix Medical Providers offer?

- CLINIX VIP Physical
- Women's Health – Pap smear, breast exam & pelvic exam
- Men's Health – Prostate screenings, testosterone therapy & erectile dysfunction
- Newborn Care
- Pediatric and Adolescent Care
- Well-Child Exams **Clinix After Hours**

Clinix always has an on-call provider available. Your physician may resolve your issue over the phone, schedule an office appointment, or direct you to an urgent care or emergency room facility.
